Section Module 7: Functional Scope & Architecture

2.0 Breakdown (BA Ref: DOC-007)

FULL SPECIFICATION MAPPING

Derived directly from the 80 pages of **DOC-007: Human Resource Management & Payroll Business Analysis Report**, the implementation scope is structured across 6 core operational pillars:

2.1 Employee 360 Master & Digital Dossier

- **Unified Employee Master:** Centralized profile repository across all branches, warehouses, workshops, and corporate head office.
- **Statutory Document Dossier:** Automated tracking and expiry alerts (30/60/90 days) for CPR, Passports, LMRA Work Permits, Driving Licenses, and Medical Fitness Cards.
- **Employment Lifecycle:** Probation evaluation gates, contract renewal workflows, job title classification, and branch cost-center tagging.
- **Emergency Contacts & Dependents:** Dependent records, airfare entitlement accruals, and family medical insurance tier management.

2.2 Biometric Clock Fleet & Multi-Branch Attendance

- **Hardware Integration:** Real-time automated synchronization with ZKTeco TCP/IP push biometric devices across all branches.
- **Multi-Shift Rostering:** Flexible shift definitions (Single, Split shifts for retail showrooms, Night shifts, and Ramadan hours).
- **Attendance Rule Engine:** Configurable grace periods, late entry penalties, early exit tracking, and missed punch reconciliation.
- **Overtime Calculation:** Automatic computation of regular overtime (1.25x), rest day overtime (1.50x), and public holiday rates per Bahrain Labour Law.

2.3 Bahrain Labour Law Leave Management Engine

- **Annual Leave Accruals:** Strict compliance with Bahrain Labour Law (30 calendar days paid leave per annum, monthly accrual of 2.5 days).

- **Statutory Leave Classes:** Tiered Sick Leave (15 days full pay, 20 days half pay, 20 days unpaid), Maternity Leave (60 days), Marriage, Bereavement, and Hajj Leave.
- **Multi-Tier Approval Workflows:** Branch Manager approval hierarchy, automated leave balance deduction, and leave travel air ticket balance deduction.
- **Leave Salary Encashment:** Automated settlement calculation for unutilized annual leave upon resignation or contract completion.

2.4 Automated Bahrain WPS Payroll & GOSI Engine

- **Bahrain WPS Bank Export:** Automated generation of Central Bank of Bahrain (CBB) compliant Wage Protection System bank transfer files.
- **SIO / GOSI Contribution Matrix:** Automated calculation for Bahraini nationals (8% employee / 12% employer pension + 1% unemployment) and Expatriates (1% unemployment + 3% work injury).
- **Salary Structure Components:** Basic Salary, Housing Allowance, Transport Allowance, Sales Commissions, and Mobile/Fuel Allowances.
- **Direct GL Posting:** Seamless double-entry payroll voucher generation pushing to Module 5 General Ledger cost centers.

2.5 End-of-Service Gratuity (EOSB) Actuarial Engine

- **Bahrain Labour Law Art. 116 Gratuity:** 15 days basic salary per year for the first 3 years of service; 1 month basic salary per year for each subsequent year.
- **Termination vs Resignation Logic:** Accurate legal ratio application based on length of tenure and employment contract classification.
- **Full & Final Settlement (FFS):** Integrated settlement sheet combining EOSB gratuity, accrued leave encashment, notice pay, loan recoveries, and asset returns.
- **Provisional Liability Ledger:** Monthly actuarial gratuity liability accrual posted automatically to Module 5 balance sheet provisions.

2.6 Employee Self-Service (ESS) & HR Approvals

- **Mobile-Responsive Portal:** Self-service portal for staff to view attendance logs, apply for leaves, download digital payslips, and request salary certificates.
- **Salary Advances & Loans:** Employee loan applications, maximum eligible limits, repayment installment schedules, and payroll auto-deductions.
- **HR Document Vault:** Secure digital issuance and storage of experience letters, warning letters, and annual appraisal scorecards.

- **Role-Based Security:** Strict segregation of duties ensuring branch staff only access their personal profiles, while HR and Finance retain enterprise governance.

COST & ALLOCATION BREAKDOWN

To deliver Module 7 in strict compliance with Bahrain regulatory frameworks and high-concurrency biometric syncing, SaNDS Lab allocates a specialized 4-member engineering team:

ROLE & EXPERTISE	FTE ALLOCATION	WEEKLY RATE	16-WEEK TOTAL (BD)	PRIMARY DELIVERABLES
Lead HRMS Solutions Architect	0.50 FTE	BD 114.273	BD 1,828.368	Bahrain Labour Law compliance, EOSB actuarial algorithms, DB schema, GL posting gateways
Senior Full-Stack & WPS Engine Engineer	1.00 FTE	BD 133.318	BD 2,133.088	Core HRMS UI, Bahrain CBB WPS file generator, GOSI tax engine, ESS mobile views
Total Dedicated Team Allocation	2.50 FTE	BD 380.909 / Wk	BD 6,094.548	16 Working Weeks (80 Days)

ROLE & EXPERTISE	FTE ALLOCATION	WEEKLY RATE	16-WEEK TOTAL (BD)	PRIMARY DELIVERABLES
Biometric Hardware & Integration Engineer	0.50 FTE	BD 76.182	BD 1,218.912	ZKTeco TCP/IP push daemon, branch network sync listeners, attendance rule reconciler
QA, Statutory Compliance & UAT Specialist	0.50 FTE	BD 57.136	BD 914.180	Payroll trial runs, GOSI formula validation, WPS bank file verification, edge case testing

Section 4.0 Detailed Milestone Breakdown & Deliverables (16-Week Roadmap)

SPRINT EXECUTION PLAN

The implementation is organized into 4 sequential 4-week milestone gates (25.00% each), guaranteeing focused execution, continuous integration, and transparent deliverable acceptance:

1

Milestone 7.1: Employee 360 Master, Document Dossier & Multi-Branch Biometric Attendance

WEEKS 1 – 4 (4 WKS)

Setup of centralized Employee 360 repository, automated CPR / LMRA Visa document expiry alert engine, organization hierarchy, and real-time ZKTeco biometric clock TCP/IP sync listener.

- ✓ Unified Employee Profile & Document Dossier
- ✓ Automated CPR, Passport & LMRA Expiry Alerts
- ✓ ZKTeco Push SDK Multi-Branch Hardware Sync
- ✓ Shift Rostering (Split Showroom & Night Shifts)

2

Milestone 7.2: Bahrain Labour Law Leave Management, Shift Scheduling & Overtime Matrix

WEEKS 5 – 8 (4 WKS)

Implementation of Bahrain Labour Law compliant leave engine (30 days annual leave, 3-tier sick leave, maternity), multi-level approval workflows, attendance penalty rules, and overtime calculations.

- ✓ 30-Day Annual Leave Monthly Accrual Engine
- ✓ Tiered Sick Leave & Statutory Leave Rules
- ✓ Late Entry, Early Exit & Grace Period Rules
- ✓ 1.25x / 1.50x Overtime Auto-Calculation Matrix

3

Milestone 7.3: Automated WPS Payroll Engine, GOSI / SIO Tax & CBB Bank Export

WEEKS 9 – 12 (4 WKS)

Development of automated gross-to-net payroll engine, Bahrain SIO / GOSI contribution calculations for nationals and expats, CBB WPS standard bank export, and Module 5 GL posting gateway.

- ✓ Central Bank of Bahrain (CBB) WPS Bank Exporter
- ✓ GOSI / SIO Automated Deduction Matrix
- ✓ Salary Components (Basic, Housing, Transport, Comm)
- ✓ Automated Double-Entry Payroll GL Voucher Posting

Milestone 7.4: End-of-Service Gratuity (EOSB), Employee Self-Service Portal & Final UAT

WEEKS 13 – 16 (4 WKS)

Deployment of Bahrain Labour Law Art. 116 End of Service Gratuity actuarial engine, Full & Final Settlement (FFS) module, Employee Self-Service (ESS) mobile portal, user training, and final UAT sign-off.

- ✓ Labour Law Art. 116 Gratuity / EOSB Engine
- ✓ Full & Final Settlement (FFS) Automated Sheet
- ✓ Employee Self-Service (ESS) Mobile Views
- ✓ End-to-End Enterprise UAT & Production Sign-Off

Section 5.0 Milestone Payment Structure & Invoicing Schedule (16-Week Model)

VERIFIABLE MILESTONE BILLING

Invoicing is strictly tied to verifiable technical deliverables and stakeholder sign-off across 4 equal quarterly tranches:

GATE	MILESTONE DELIVERABLE FOCUS	TIMELINE	% FEE	INVOICE AMOUNT (BD)	VERIFICATION CRITERIA
Gate 7.1	Employee 360 Master, Document Dossier & Biometrics	End of Wk 4	25.00%	BD 1,523.637	CPR expiry alerts active & multi-branch ZKTeco biometric sync verified
Gate 7.2	Leave Accruals, Shift Rosters & Overtime Matrix	End of Wk 8	25.00%	BD 1,523.637	30-day leave accrual test run & overtime rules validated by HR
Gate 7.3	Bahrain WPS Payroll, GOSI Engine & Bank Export	End of Wk 12	25.00%	BD 1,523.637	Mock WPS CBB bank file verified & GL payroll voucher posted
Gate 7.4	EOSB Gratuity Engine, ESS Portal & Go- Live Acceptance	End of Wk 16	25.00%	BD 1,523.637	Art. 116 gratuity test approved & final production sign-off
Total Module 7 Professional Investment			100.00%	BD 6,094.548	4 Equal Milestone Tranches

Section 6.0

Working Calendar, SLA, 15–Day Grace Period & Legal Terms

GOVERNANCE FRAMEWORK

 Bahrain Working Calendar & Schedule

Standard working schedule is Sunday through Thursday (5 business days / 40 hours per week). Official Kingdom of Bahrain statutory public holidays are observed and accounted for in the 16–week timeline.

 15–Day Quality Review & Grace Period

Following completion of each milestone gate, Popular Auto Parts is granted a 15–calendar-day review window to validate deliverables. If no written defects are reported within 15 days, milestone acceptance is confirmed.

Section 7.0
